UX

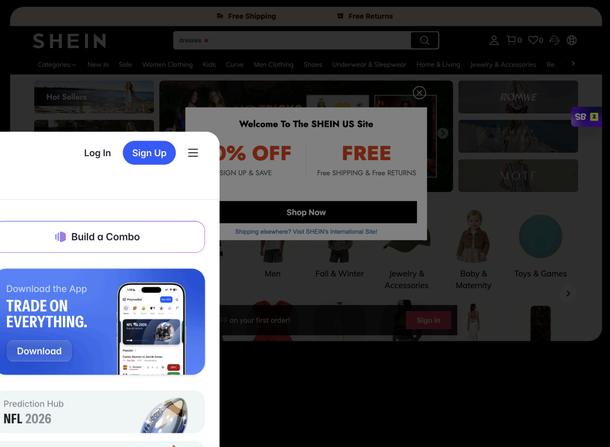
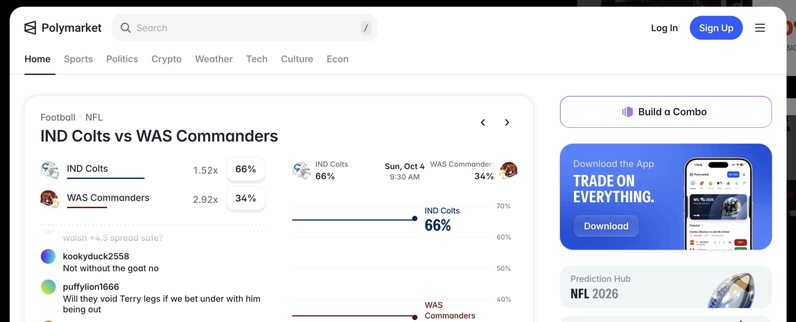
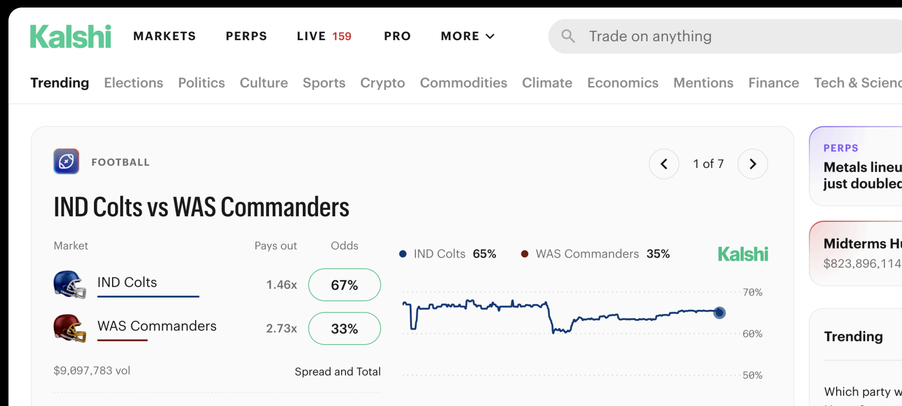
92% → ~$1,800

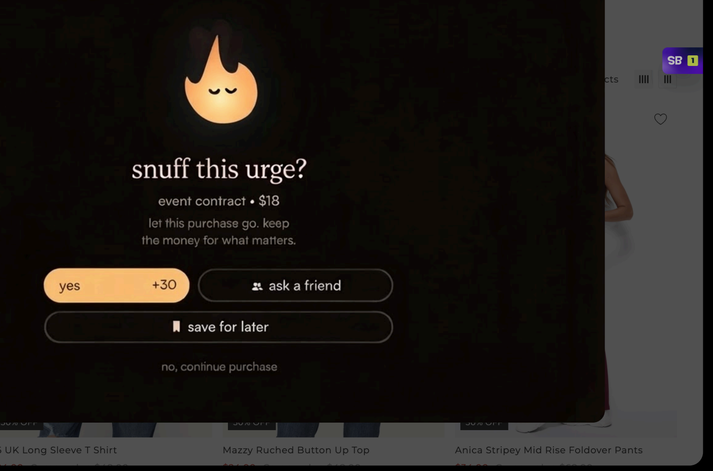
of people impulse-buy

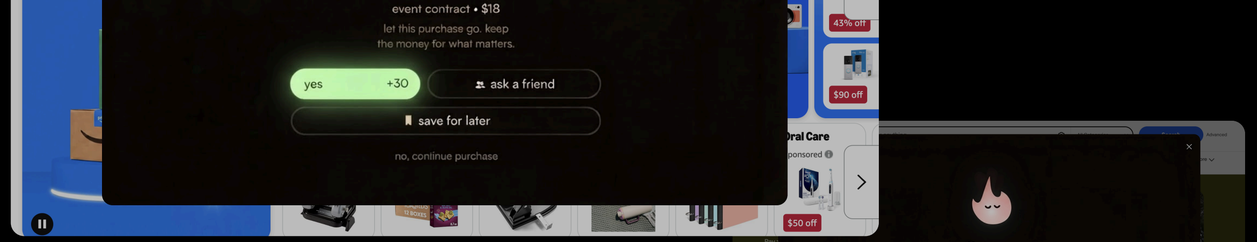
a year doing it

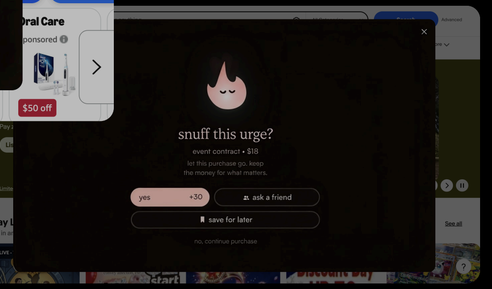




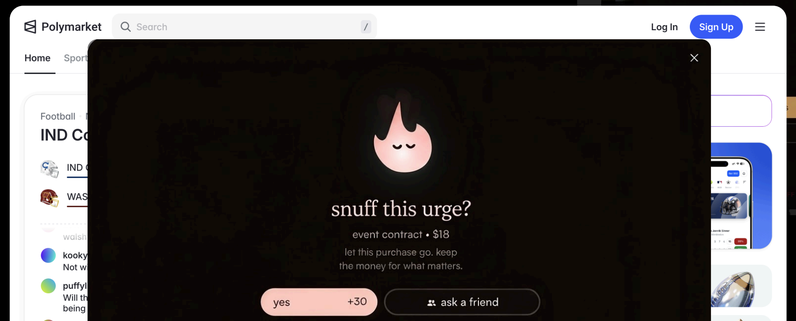


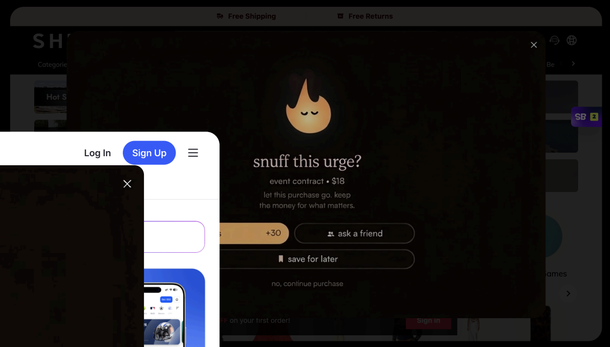


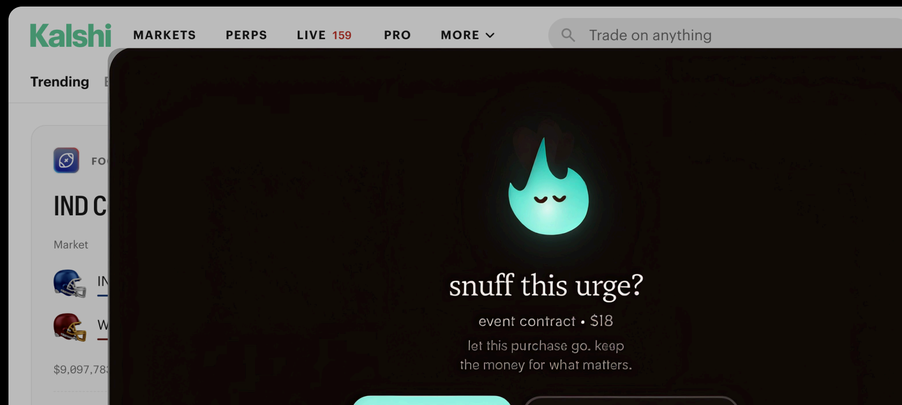




your impulses have been **snuffed**







how it works

1. **onboard**
   tell it your spending habits on the app
2. **meet your flame buddy**
   keep it alive with your Snuff Score, a running measure of how well you're keeping your spending in check
3. **check the weekly leaderboard**
   turning saving money into a friendly competition

how it works

1. **download the chrome extension**
   open a site of danger (frequent impulse spending) after
2. **get blocked.**
   make the right decision or snuff your flame
3. **need to be held accountable?**
   your friends will take care of you (and your flame)
